

Project Case Study:

Introducing Newable.

We were tasked with designing and fitting-out an office environment that was 100% agile, no permanent desks whatsoever – everything is bookable. Now we have all heard the term “agile working”, this is it, nothing permanent, freedom to work where you want, when you want.

In addition to that we provided an in-house coffee shop for visitors, complete with Barrista.

Location London.
Size 15,000 sq ft.
